Stenciling Have you Tried It?

If you have never tried it, you most certainly should, it is the latest idea in decoration and fancywork. Stenciling on fabrics gives very pleasing results, as you can make such attractive presents for your friends or you can beautify your home with artistic curtains, pillow covers, table covers, etc.

Stenciling is not hard to do, you can learn how very easily. The chief requisite is to get the right materials to work with—colors that will be clear and brilliant and will remain fast in the fabric when it is washed.

SHERWIN-WILLIAMS STENCIL OUTFITS

are complete in every respect and contain stencils, brushes and colors in tubes that are of the proper consistency for stencil work. Come in and look over our stock or write us for pamphlet describing these outfits.

ADAM BEDE

The Interpretative dramatization of "Adam Bede" by Miss Mabelle Biggart at the Hawaiian Opera House next Tuesday evening at 8:15 promises to be a great f one is to judge by the flattering notices in the press of other cities where the lady has appeared. Miss Biggart is well known in many countries where the English language is spoken. The reading is preceded by violin and piano music and some of the parts are accompanied by these instruments in the reading adding much to the effect. She has interesting reminiscences describing dramatically the following condensed synopsis:

The Place of George Elliot in Literature.

Her genius compared with that of Goethe, Victor Hugo and Emerson. The rank of "Adam Bede" among the masterpieces of Literature.

Analytical treatment of the contents of "Adam Bede."

Rev. R. S. McArthur of the Calvary Baptist Church said of the interpretative dramatization: "It is a remarkable bit of scholarly work and at the same time remarkably popular in presentation."

Rev. J. C. Holmes pastor of the Sumerfield M. E. Church Brooklyn said: "The rendering of Adam Bede was a splendid and inspiring interpretation."

Tickets for the interpretative dramatization are on sale at the Bergstrom Music Co. store in the Odd Fellows building, Fort street as per advertisement in this issue.
